So he picked himself up and went home, frisking and whisking his new trunk.

5

Later he saw a big fat hippo. He asked the hippopotamus why his eyes were red. "Go home baby elephant," said the hippo.

4

Then he met a lion. He asked the lion why he was hairy. "Go home baby elephant," said the lion.

13

He showed his friends all the things he could do with his trunk. Now he could pluck the nicest leaves from the highest branches.

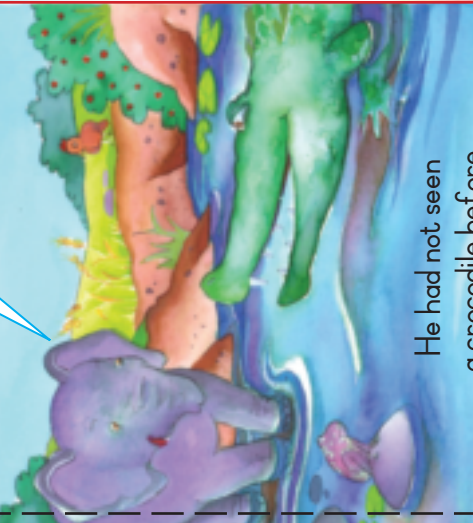

6

"Come here, little one, and I will tell you, for I am the crocodile and today I think I will eat the elephant's child for dinner."

8

"Excuse me," said the elephant's child politely, "Do you know what crocodiles eat for dinner?"

He had not seen a crocodile before.

An elephant and its trunk

9

The elephant's child trumpeted through the jungle, singing to himself down his new trunk and didn't ask silly questions ever again. That is how the elephant got his trunk.

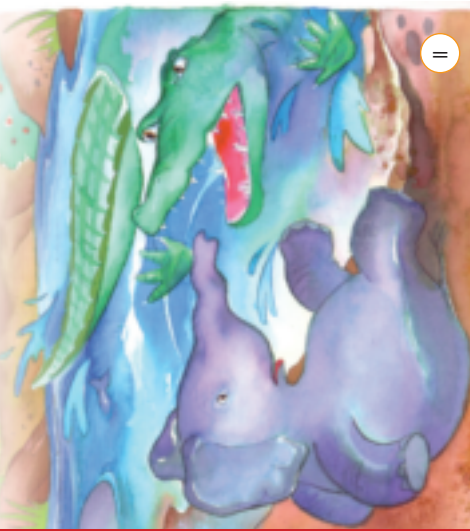

The crocodile grabbed the elephant's child's nose between his sharp teeth and pulled. Then the elephant's child spread out his four legs and pulled and pulled. At each pull his nose grew longer, and longer, and longer.

10

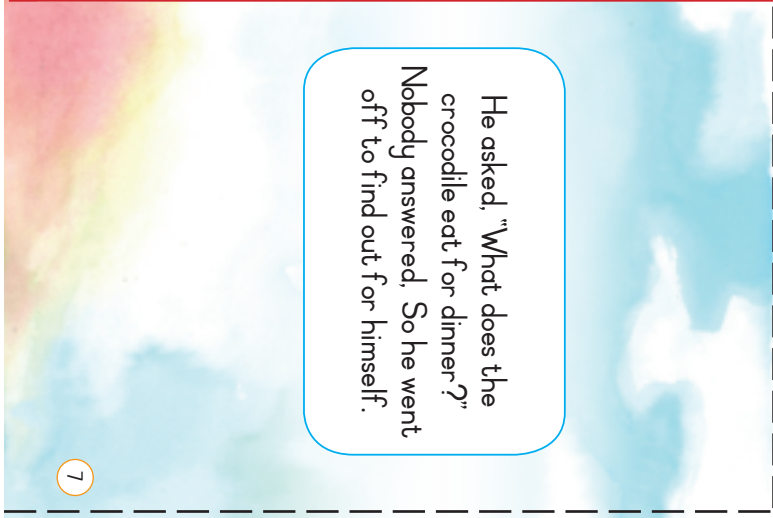

At last the crocodile let go of the nose with a pop that you could hear all up and down the river. The elephant's child sat down and waited for three whole days for his nose to shrink, but it never grew any shorter.

11

He asked, "What does the crocodile eat for dinner?" Nobody answered. So he went off to find out for himself.

7

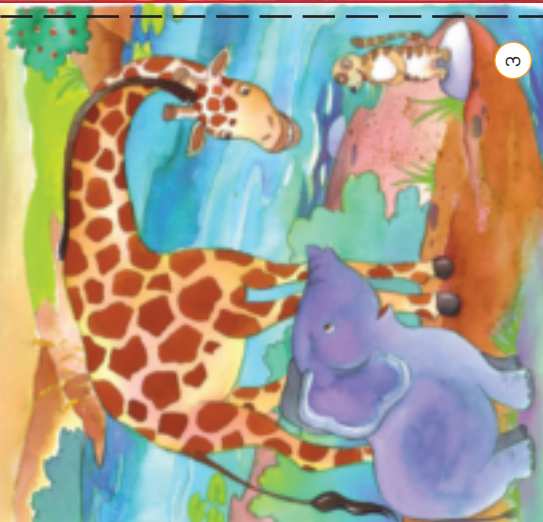

Once upon a time elephants had short noses. One day Bubu the baby elephant went for a walk. He wandered into the forest.

2

He was surprised to see a tall giraffe. The baby elephant asked a giraffe what made his neck so long. "Go home baby elephant," said the giraffe.

3

He could splash himself with trunkfuls of water when the sun was hot.

71

His friends were so impressed that they all went off to the banks of the river to borrow noses from the crocodile.
